(2) Election Manifesto and Personal Statement

Name of candidate: Sophia Karakeva, Datascouting

I ask the AMEC membership to vote for me and support my candidacy to become a Director of the AMEC Board.

Using my business experience these are the areas I believe AMEC needs to focus on and which would receive my support:

- Development of methodologies to measure information and communication technology (ICT)
- Crisis management technology

I would like to bring to the AMEC Board the perspective of a technical provider, specializing in software solutions for the media intelligence industry. Explore how AMEC members can best benefit from technology in improving and optimizing staff efforts when measuring communication strategies and campaigns.
